### ACO Products

- ACO BrickSlot façade drainage
- ACO Hydrojet OA NG 10 grease separator
- ACO Multi-Star DDP lifting station
- ACO ECO Mobil grease separator
- ACO MultiDrain – line drainage
- ACO Coalisator GG oil separator
- ACO cast iron gully

### ACO Solution

Modern 4 star hotel, placed in the business centre of Belgrade, designed by an international star architect Boris Podrecca. Wide application of ACO products has helped the functionality of the hotel, especially with grease separation from the kitchen, where ACO fought to prove the importance of fully automated separators in such applications. The aesthetics feature which was important for the architect, was brought by ACO BrickSlot channels to drain the façade and Multiline channels in the surrounding areas.
